Hi, my name is Miguel.

I'm going to write this letter to introduce myself.

I am a person who loves music a lot. Recently, I discovered that I really love some types of rock and rap, mainly. I really like listening to Gorillaz, The Beatles, Legião Urbana, Tyler, The Creator, MF Doom, Weezer, The Smiths, some songs by Kanye West, Linkin Park and, so far, my favorite: Radiohead. My favorite song at the moment is: Boys Don't Cry, by The Cure.

I love listening to music all the time, even while I take a walk, all the time! I not only listen to music, but I also play it. Two years ago, I decided to start playing the piano and it really was one of the best decisions of my life. When I play my piano, it is my moment and peace in the day.

I love riding my bike, talking to my friends, going out with my family, watching the sunset and enjoying every moment of life. I study in the morning and, when my class is over, I go home by bus. I'm already used to taking public transport. I'm proud to be a good student and to get good grades, I always study hard and give my best at school.

I studied for eight years at a Waldorf school. In this type of school, they have German classes. Since I was little, I sang songs in German, learned to count and the basics. This was one of the reasons why I chose Germany for this exchange! I also really like the German culture and hope to learn more of it during my stay.

I also love watching movies. Interstellar, Day Off, 500 Days of Summer, Stand By Me, Dead Poets Society and many more. My favorite movie is Fight Club. The movie is perfect!

I am very excited to do this exchange program! And I hope to make many life long friends and have lots of good memories from the time spent with my host family!

Thank you so much for reading my letter and for choosing me! I'm very excited to meet you all!

Kind Regards, Miguel
